SOLUTIONS FOR BUILDING CONTROL

Ref. 9013727

The sensor station extended consists of an aluminum mast with a pre-mounted and pre-wired Outside Sensor Box, 8 sun sensors, 1 wind speed sensor, 1 wind direction sensor, a rain sensor and an outside temperature sensor.

Installation advantages

- > Limited installation time thanks to pre-mounted structural components and pre-wired individual sensor devices.
- > Compass included in delivery for exact positioning of the sensor station.
- > Indication of north direction.
- > Position of pre-mounted and pre-wired sun sensors is clearly indicated for exact façade orientation.

Functional advantages

- > Only 24 V DC power supply and data need to be connected to evaluate the selected sensor values and display them through the animeo building control solutions.
- > Scalable selection of sensor types and quantity through animeo building control solutions.

CHARACTERISTICS

Dimensions	H 3,200 mm • Ø mast 50 mm
Weight	13,500 g
Conformity	www.somfy.com/ce
